## 💼 Professional Experience

| 06/2019 – present | **Gracenote - A Nielsen Company** | Emeryville, CA |

*Software Engineer II - Frontend*
Designed multiple packages that are in use across the company including utility tools and component libraries. Helped to mentor junior developers.

| 09/2018 – 06/2019 | **Gracenote - A Nielsen Company** | Emeryville, CA |

*Software Engineer - Frontend*
At Gracenote I worked in a small frontend team using React, Redux, SCSS, Webpack, Babel to write highly performant frontend code. Worked on multiple high value projects integral to the core business of the company.

| 06/2017 – 09/2018 | **Vlocity** | San Francisco, CA |

*UI Developer*
Worked with the client facing team to deliver incredible user interfaces with speed and efficiency. Worked with JavaScript and Angular to build frontend applications for use by large nationwide companies. Had a strong focus on cross browser compatibility as well as accessibility.
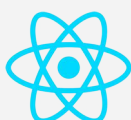

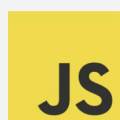

## 📚 Education

| 2018 – present | **UC Berkeley Extension** |

*Software Development and Programming*

| 2013 – 2016 | **State University of New York Empire State College** |

*Bachelor of Business Administration - BBA*
